## Insurance Carriers Currently Accepted

As of February 2021

- We welcome **all** patients with or without insurance.
- Below are insurance carriers currently in-network at FCHC. Please note that carriers which indicate "GYN Only" will **not** include abortioncare services.
- When you provide your insurance information we will ask you to provide your **policy number** and **group number**. The group number will help identify if your insurance policy will provide coverage for your abortioncare or other gynecological healthcare services.
- Medicare, Medicaid and Federal government insurance plans do **not** cover abortioncare services unless medically necessary.
- *If you are not sure if your Insurance Policy includes pregnancy or gynecology benefits, please call your policy customer service number on the back of your insurance card for clarification prior to making your appointment.*
