Hints for Patients: *Most every insurance company covers Gynecologic services, Contraception and Abortion care but your individual policy obtained by your employer may have restrictions. Let us check for you or you can call your customer service representative listed on your insurance card. Please provide your insurance information when you schedule your appointment so FCHC staff can verify your benefits for you.*

- Policies from Blue Cross Blue Shield with a prefix “R” (Federal government restricted) and Golden Rule do not cover abortion care.
- We do not accept Medicare, Medicaid, Tricare at this time.
- We do not accept First Health (which only covers injury or illness not related to routine GYN services)
- Kaiser Permanente (KP) has a policy that allows you to choose non-KP doctors. We accept those policies with referral and KP’s pre-authorization.

You can request an insurance check on-line: complete the **Insurance Information Form** (found on our website under Patient Information, FORMS to read or print out) and email to womenfirst@fallschurchhealthcare.com
