GUARDIAN
KAISER PERMANENTE *
MEDICAID (for Gynecology only) such as ANTHEM HEALTHKEEPERS
ONE NET (ALLIANCE)
PHCS

Insurance coverage is confusing. Your individual policy may have restrictions. Though most every insurance company has a policy that includes Gynecologic Services, Contraception and Abortion Care, your individual policy may not include those services or may have large deductibles or co-pays.

For Example:

Policies from Blue Cross with a prefix “R” (Federal government), Golden Rule and Virginia Medicaid do not cover abortion care.

First Health ONLY covers injury or illness NOT routine gynecology services.

*Kaiser Permanente (KP) has a policy that allows you to choose non-KP doctors. We accept those policies with referral and KP’s pre-authorization.

If you provide your insurance information when you schedule your appointment -- our staff can contact your insurance company to try to verify your coverage.

Call Us or Request an insurance check by completing the Insurance Information Form on our website under Patient Forms -- then email the completed form to us at womenfirst@fallschurchhealthcare.com.
